

We are *thrilled* to be back doing what we love and we can't wait to see all of our patients and families again!

We have *always* taken pride in the cleanliness of our office and our strict adherence to infection control standards. However, as you might imagine, we are going to be taking *additional* safety measures until we can totally return to "normal life" once again...

So here are a few changes we have implemented in the office:

*** Please RESCHEDULE your child's appointment if they are sick or have a fever ***

Our team is excited to announce that all of our forms are now available to be sent to you before your scheduled appointment, therefore it's imperative we have an email address on file. With providing these forms ahead of time, no longer are the days of filling out paperwork when you arrive, as these forms will be sent to you the day before your scheduled appointment. This is to keep everyone safe and ensure we're practicing social distancing.

Upon arrival to Children's Dentistry, you'll receive a text 60 minutes prior reminding you of your appointment. Once you arrive to your appointment, the text will prompt you to press 5, informing our staff that you are here. Once a Clinical Team member is ready to greet your child, a text message will be sent asking you to please bring your child to our waiting room.

A Clinical Team member will greet you and your child in our waiting room and your child's temperature will be taken. At this time, we prefer, if possible, the child have their appointment alone to limit the number of people in the office at one time. If your child requires a parent/guardian for treatment, only **ONE ADULT**, wearing a face cover/mask, may accompany their child into our treatment rooms.

For those kiddos that are comfortable seeing the dentist alone, we ask for you to return to your vehicle and our team will text you when your child has finished their appointment. This may be a great opportunity to build your child's confidence coming to the dentist!

A Children's Dentistry Team member will text you at the end of the appointment for you to return to our front desk to schedule any follow up visits.

We promise the same spectacular and fun experience Children's Dentistry strives to deliver for your child!

Thank you so much for your understanding and have a magical day!
